

THE BELMORE

enjoying life

the story...

The Belmore is named after Belmore Falls located in Morton National Park, New South Wales, Australia. At 330 feet and featuring nature on a grand scale with two-tiered waterfalls, the Belmore Falls' breathless beauty and spectacular views enthralls all who see it.

Like the impressive vista of the waterfalls, The Belmore Above-Ground Pool from Blue Cascade features spectacular beauty. The Belmore is engineered with 9" steel top ledges and 6" steel uprights, each with unique interlocking resin caps, that provide strength, support, and style. With heavy-duty steel bottom tracks you have a pool to last a lifetime for timeless beauty and fun. Every Belmore pool is produced in North America and features a Vinyl Works deluxe liner, also manufactured in North America.
